

This document certifies that the manuscript

**Dysbiosis of duodenal microbiota become a diagnostic marker for
pancreaticobiliary cancer**

prepared by the authors

Mitsuru Sugimoto MD, PhD1, Kazumichi Abe MD, PhD1, Tadayuki Takagi...

was edited for proper English language, grammar, punctuation, spelling, and overall style
by one or more of the highly qualified native English speaking editors at AJE.

This certificate was issued on **March 19, 2021** and may be verified
on the [AJE website](#) using the verification code **EOAO-29BC-4B5C-3454-1FEP**.

Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject our suggestions and changes. To verify the final AJE edited version, please visit our verification page at [aje.com/certificate](#). If you have any questions or concerns about this edited document, please contact AJE at support@aje.com.
