Dr. Prof. Monjour Ahmed  
Editor-in-Chief  
World Journal of Gastrointestinal Oncology

Ref: Original manuscript: Mitomycin C and Capecitabine: An additional option for advanced-line therapy in patients with metastatic colon cancer

Authors: Gil Mullin, Michal Sternschuss, Yosef Landman, Aaron Sulkes, Baruch Brenner

Dear Dr. Ahmed,

This letter certifies that the above-referenced manuscript was edited and proofread by an experienced professional medical editor and native English speaker at the office of English Language Services, Rabin Medical Center, Israel.

This office guarantees that the manuscript as delivered to the authors on the date above meets international standards of scholarly English. It makes no claim regarding the substantive matter covered by the paper.

Sincerely,

Gloria Ginzach  
Head  
English Language Services  
Rabin Medical Center
