

3rd January 2023

To whom it may concern,

I have proofread, to my best abilities, the following manuscript:

“BZD9L1 benzimidazole analogue hampers colorectal tumor progression by impeding angiogenesis”

Authors:

Chern Ein Oon, Ayappa V Subramaniam, Lik Yang Ooi, Ashwaq Hamid Salem Yehya, Yeuan Ting Lee, Gurjeet Kaur, Beiying Qiu, Xiaomeng Wang

I wish to confirm that the manuscript below has been edited to meet English language standards, by a native English speaker.

I also wish to confirm that the Biostatistical methods utilised in the manuscript has been reviewed, and the interpretation of the results of the analyses has been reviewed.

Sincerely,

Sven H. Petersen, Ph.D.
