## CERTIFICATE OF ENGLISH EDITING

This document certifies that the manuscript titled "**Application of texture signatures based on multi-parametric magnetic resonance images for predicting microvascular invasion in hepatocellular carcinoma: A retrospective study**" was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English-speaking editors at 8HMED. Neither the research content nor the authors' intentions were altered in any way during the editing process.

Documents receiving this certification should be English-ready for publication. However, the author can accept or reject our suggestions and changes. **To verify the final 8HMED edited version**, please visit our verification page. If you have any questions or concern about this edited document, **please contact 8HMED at support@8hmed.cn**
