

Proofread My Essay

28/06/2021

To whom it may concern:

The purpose of this letter is to verify that Zhongshan U-YES Translation Service CO. LTD provided the English proofreading services for the following thesis :**Exosomes derived from inflammatory myoblasts promote M1 polarization and break the balance of myoblast proliferation/differentiation**

Author: **Zhiwen Luo, Yaying Sun, Jinrong Lin, Beijie Qi, Jiwu Chen**

The basic language editing including the correction of grammar, punctuation and syntax was performed normatively with our best efforts. And the edited document was returned to the writer on 28/06/2021. We are unaware of any changes or additions made to the manuscript after that time. We have kept the specimen of the received original file in case of any legal dispute.

Sincerely,

Hemy Graff
