

**To whom it may concern**

**19<sup>th</sup> Aug 2021**

This is for the kind information that the authors for the manuscript titled “**Newer variants of Progressive Familial Intrahepatic Cholestasis**” are native English speakers and the language of communication in the Institute where the authors work is English. Hence, I would like to inform the editors of the journal that the ‘Non-Native Speakers of English Editing Certificate’ may not be applicable. The article has been carefully proofread.

Yours truly,

Moinak Sen Sarma MD, DM (On behalf of corresponding author Anshu Srivastava)

Department of Pediatric Gastroenterology,

Sanjay Gandhi Postgraduate Institute of Medical Sciences,

Raebareilly Road, Lucknow, 226014, Uttar Pradesh, India.
