Dear Editor:

Please find attached this original work entitled “*Evidence-Based Approach to the Treatment of Esophagogastric Junction Tumors*” for submission in *World Journal of Gastrointestinal Oncology*.

Although I am a non-native speaker of English, I have lived in the US and I have published more than 150 manuscripts and more than 30 books chapters in English. I was invited by the journal to write this manuscript and I will not use a language editing system. I strongly believe the manuscript is properly written.

Sincerely,

Francisco Schlottmann, MD MPH
