

Non-Native Speakers of English Editing Certificate

Bari, 21st February 2021

This is to certify that the study: “Anterior Vertebral Body Tethering for Idiopathic Scoliosis in Growing Children: a systematic review” was performed at the Department of Basic Medical Science, Neuroscience and Sense Organs, University of Bari “Aldo Moro”. This manuscript was edited by a native English speaker.

Giuseppe Solarino, MD, PhD

A handwritten signature in dark ink, appearing to read "Giuseppe Solarino". The signature is written in a cursive, flowing style with some loops and flourishes.
