To Whom It May Concern:

This is to certify that the following manuscript has been reviewed for English language usage by Lloyd Williams, a native English speaking professional with more than thirty years multi-industry experience, of which more than a decade has been in healthcare process management. He has an academic background that includes English Literature, Sociology of Communications and Management. Lloyd Williams is a citizen of the United States and is currently the Chief Operating Officer of this Healthcare Technology Company, Carefluence, headquartered in Michigan, USA.

**Name of Document Reviewed:** World Journal of Experimental Medicine  
Manuscript NO: 87202 and its Abstract.

**Authored by:** G Ramachandra Sridhar MD DM FACE FRCP  
Endocrine and Diabetes Centre

It is my opinion that the document is English-ready for publication.

Lloyd Williams  
Co-founder & Chief Operating Officer
