

I declare that I am a native English speaker with extensive experience of writing scientific publications, as can be seen from my publication record in ORCID <https://orcid.org/0000-0003-2991-2217>, and that I have reviewed and edited the manuscript “Depressive disorder and antidepressants from an epigenetic point of view” by Šalamon I, Kouter K, Videtic Paska A. to ensure a high quality of scientific English.

I have reviewed the revised version of the manuscript and confirm that the English language is of an acceptable quality for publication.

Yours,
