## Immunopeptide Chemistry Lab.

**Manuscript No: 63777**

Agia Paraskevi (Athens), June 9<sup>th</sup>, 2021

I certify herewith that all minor language issues raised by the Reviewer and mentioned in the peer review report concerning our manuscript ("IgY Technology: Methods of developing and evaluating avian immunoglobulins for the *in vitro* detection of biomolecules", Manuscript No. 63777) have been resolved. The revised manuscript has been edited by a native-English speaker / person qualified to teach English as a foreign language.
